FINANCIAL UPDATE
Operations: Ms. Edwards 168 days of operating costs. Expenditures for September were $745,415. In Business Office news, we are working to renew our insurance policy for 2023 and will bring that forward for Board approval at an upcoming meeting. The estimated budget for insurance we adopted was $110,500. Mr. Smith asked if the $337,000 difference in spending to date compared to prior year was anything specific. Ms. Edwards confirmed it was in payroll and other areas such as utilities, nothing singularly specific. Mr. Smith asked if there were any areas we need to increase specifically. Ms. Edwards answered no. No further questions.

Bond: No contracts issued under special authority. We are seeing unforeseen costs at Indian Trail and South Hill. Ms. Brown presented the costs that will need to be covered as we are needing to utilize our contingency. Ms. Brown will propose an increase to the not to exceed contract amounts for Walker and Meridian in November to be able to cover the construction costs. These new issues have pushed Indian Trail and South Hill opening dates out.

Mr. Kershner asked how close we are to exhausting the contingency. Ms. Brown answered that there is $122,000 left at Indian Trail and $38,000 at South Hill. There are other budget lines that can be shifted to accommodate. Ms. Starkey asked if specifications were given to the designers about the amount and type of cooling equipment for the technology rooms. Ms. Brown confirmed the question was asked and the design was made to what was standard, but we are finding we have more technology than most. Ms. Mead added there is more technology and more features needed as things advance, therefore adding more technology. Mr. Kershner asked about the addition of an exterior book drop at South Hill. Mr. Chanse explained we relied on the automatic return within the building, but an exterior drop is needed to accommodate accessibility in response to Liberty Park library’s experience with book drops. Mr. Kershner asked if it is automated or if it is a standard book drop. Mr. Chanse answered it is a standard drop. Mr. Kershner asked if we were adding one at Liberty Park as well. Mr. Chanse confirmed we need to go through parks and were granted the ability to do so this year. Mr. Kershner asked about the size of the book drops. Mr. O’Malley explained they are smaller than they used to be. No further questions.

BOND CONSTRUCTION PROJECT UPDATE
Ms. Mead shared Ms. Brown is presenting close out for The Hive and Liberty Park. Some work is needed for the book drop and additional items, but main closeout is prepared. There are last minute supply item needs at Central Library. For Indian Trail and South Hill, unforeseen costs were presented and the delays those projects cause. No further questions.
