StartUp Spokane Launches Comprehensive Business Events Calendar

(Spokane, WA) – StartUp Spokane announces the launch of a new Business Events Calendar, a centralized hub for all business-related events in the Spokane region, creating one centralized location to simplify the process of discovering and participating in events that cater to the diverse needs of the business community.

The Business Events Calendar aggregates events from a multitude of community calendars, including prominent organizations like Greater Spokane Inc. (GSI), Washington Small Business Development Center (WSBDC), Spokane Independent Metro Business Alliance (SIMBA), SP3NW, and many more. Additional calendars will continue to be added to this platform over time.

"We are thrilled to introduce this valuable resource to the Spokane business ecosystem," said Mark Pond, Spokane Public Library Business Librarian. "Our mission is to support entrepreneurs and business owners at every stage of their journey, and the Business Events Calendar aligns perfectly with that goal. Now, individuals can easily access a comprehensive list of events ranging from workshops and seminars to networking sessions and industry conferences, all in one place. A huge thank you to Numerica Credit Union for their financial support to help with this project."

The Business Events Calendar also offers an opportunity for event organizers to showcase their activities to a wider audience. Those interested in promoting their business-related events can submit them for consideration through a simple online form. The StartUp Spokane team will review submissions to ensure alignment with the calendar’s focus before adding them to the schedule.

StartUp Spokane is committed to fostering an inclusive and vibrant business community in the region. By providing access to valuable resources and fostering meaningful connections, StartUp Spokane aims to make Spokane the most equitable place to start, run, and grow a business.
